

**ADJUSTABLE
FIXED HOOD**

Come snowfall or sunshine, the hood can be resized to suit all weather conditions.

SOFT SHELL

The shell is made from Gore-Tex membrane laminated on to a warm, high-loft fleece backer.

INSIDE POCKETS

Zippered pockets inside the jacket keep your credit cards, keys and other valuables safe.

RIRI ZIPPER

Two-way, 8mm Riri symmetrical zipper with titanium finish. The Swiss jurist Martin Othmar Winterhalter created the zipper in 1923. He coined the term Riri after perfecting the shape of the teeth, from the German for concave and convex (*rille* and *rippe*).

EXTRA HIGH FRONT

For added protection against the elements.

SHARP FIT

Tailored over the shoulders.

FABRIC FLOW

Extra fabric under the sleeve gussets for more freedom and flexibility.

UNDERARM VENTILATION

Water-resistant zippers under both sleeves for releasing excessive body heat.

CURVE FITTING

Pre-curved sleeves for extra comfort.

FLEECE LINING

Soft fleece lining inside the side pockets keeps your hands warm.

ADJUSTABLE HEM

Elastic drawstrings at the sides of the jacket for adjusting the hem.
